Certifications

Notes & Details

This Regency top shelf is a perfect replacement for the one that came standard on the top of 20" x 42" keg racks. It is made from durable and lightweight aluminum and holds up to 85 lb. This makes it a great way to store small, lighter items and keep your storage area organized. Additionally, you can use this shelf as an add-on for your keg rack and customize your setup for more storage. And since the shelf height is adjustable, you can easily move it and the other shelves around to accommodate your new layout.
