- Shelf height can be adjusted to fit your needs

Certifications

Notes & Details

This Regency bottom shelf is a perfect replacement for the one that came standard on the bottom or middle of 20" x 60" keg racks. It is made from durable and lightweight aluminum and holds up to 3 kegs, or approximately 500 lb. Additionally, you can use this shelf as an add-on for your keg rack and customize your setup for more storage. And since the shelf height is adjustable, you can easily move it and the other shelves around to accommodate your new layout.
