- FIFO design ensures older product is dispensed first
- Helps store and dispense cans in a convenient, space-efficient manner
- Durable metal construction
- Designed for use with Regency 24" shelving units

Notes & Details

Keep cans of food easy to access at all times with this Regency FIFO wire can rack. Designed to hook onto Regency 24" shelving units, the rack is an easy, economical add-on accessory to help store and organize cans of vegetables, fruits, and sauces. It provides excellent flexibility for your shelving units, transforming a traditional shelf into an application-specific storage solution. It's even made with wire to allow for air flow around its contents.

This can rack is specially engineered to deliver the first can first and the most recently added can last. This follows the FIFO principle and helps ensure that product is used in a safe, timely manner.
