Notes & Details

Ensure your storage area or aisles stay organized with this Regency 26" x 23" x 7" black plastic spot merchandiser with curved sides. This spot merchandiser is a great way to organize your products or extra supplies to ensure your establishment maintains an orderly system. This display is constructed of durable polyethylene that won't crack, chip, rust, bend, or break, and it offers smooth edges to reduce the chance that your bags and products will rip or tear open. With a 7" height, this merchandiser meets HACCP requirements for food storage, and it offers antimicrobial protection.

Because it is made from plastic, this merchandiser is also suitable for both dry and cold storage areas. It also has an ample 750 lb. capacity so it can hold a variety of heavy items. This merchandiser helps maximize storage space and the sturdy base ensures secure storage. The curved sides are great for placement of appealing graphics, as well as keeping bulk bags and other products in place. Best of all, this merchandiser ships fully assembled so you can use it right away!
