Notes & Details

Ensure your walk-in, storage area, or warehouse stays organized with this Regency 48" x 24" x 12" black plastic display base. This display base is a great way to ensure your establishment maintains an orderly storage system. This base is constructed of durable polyethylene that won't crack, chip, rust, bend, or break, and it offers smooth edges to reduce the chance that your bags and products will rip or tear open. Plus, the 12" height meets HACCP food storage requirements!

Because it is made from plastic, this merchandiser is also suitable for both dry and cold storage areas. It also has an ample 2000 lb. capacity so it can hold a variety of heavy items. It's great for storing heavy bulk goods, liquids, and dry goods. You can even move the rack around using a forklift or pallet jack to save time and add convenience. Dog bone connectors (sold separately) enable you to connect this base to other bases for even more space. This merchandiser helps maximize storage space and the sturdy base ensures secure storage. Best of all, this merchandiser ships fully assembled so you can use it right away!

 **WARNING:** This product can expose you to chemicals including lead, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, go to www.p65warnings.ca.gov.
