Notes & Details

Ensure your storage area or aisles stay organized with this Regency 58" x 37" x 6" black plastic end cap / spot merchandiser. This spot merchandiser rack is a great way to organize your products or extra supplies to ensure your establishment maintains an orderly system. This display is constructed of durable polyethylene that won't crack, chip, rust, bend, or break, and it offers smooth edges to reduce the chance that your bags and products will rip or tear open.

With a 12" height, this stool far exceeds the 6" HACCP requirement for food storage, and it offers antimicrobial protection. Because it is made from plastic, this rack is also suitable for both dry and cold storage areas. It also has an ample 5000 lb. capacity so it can hold a variety of heavy items. Designed for use on end caps, this spot merchandiser helps maximize storage space. The sturdy base ensures stable storage and best of all, this merchandiser is pallet jack and forklift compatible to make moving and rotating storage exceptionally easy.
