Type	Spacers

Features

- Creates compact storage of multiple kegs
- Eliminates the need for additional shelving
- For use with full size kegs
- Works well in storage or coolers
- Durable construction withstands cold temperatures

Notes & Details

Save valuable space with this Regency 16" x 6" keg series 1/2 barrel keg spacer! This space-saving device means more compact storage in your walk-in cooler, making it a money-saving must have. Unlike simply stacking your kegs, this spacer allows for simultaneous tapping of both stacked 1/2 barrel kegs, allowing you to have multiple kegs on draft for thirsty customers.

Whether minimizing storage or maximizing use of your walk-in, this simple spacer is an ingenious solution. Its durable construction can withstand colder temperatures. The open design creates access to the coupler and lines while kegs are stacked. With this, your bar can offer patrons more selection while using half the space! This spacer is not recommended for stacking more than 2 kegs at once.
