Notes & Details

Provide a tidy area for employees to store their personal belongings with this Regency Space Solutions beige 12" x 18" x 78" single, 6 tier locker. Boasting a tough steel construction with a beige finish, this locker is durable enough to withstand heavy, extended use. It includes separate compartments for your employees to safely store their jackets, bags, phones, and other personal items while on the clock. Each compartment features a perforated door, which promotes proper air circulation and prevents build-up of mold and mildew.

The locker's vertical configuration offers a space-efficient storage option. In the footprint of just 1 compartment, it provides the practicality and convenience of 6. This makes it perfect for areas with limited space, such as the back of a restaurant, community pool house, warehouse, or retail venue. This unit requires assembly.
