Type	Lockers

Notes & Details

Provide a tidy area for employees to store their personal belongings with this Regency Space Solutions beige 36" x 12" x 78" triple, 4-tier locker. Boasting a tough steel construction with a beige finish, this locker is durable enough to withstand heavy, extended use. It includes separate compartments for your employees to safely store their jackets, bags, phones, and other personal items while on the clock. Each compartment also features a perforated door, which promotes proper air circulation and prevents the build-up of mold and mildew.

The locker's configuration offers a horizontal, space-efficient storage option, featuring 4 rows of compartments with 3 compartments in each row. This makes it perfect for areas with limited vertical space, such as the back of a restaurant, community pool house, warehouse, or retail venue. For your convenience, this unit ships fully assembled.
