Shape	Square
Type	Lockers

Notes & Details

Provide a tidy area for employees to store their personal belongings with the Regency Space Solutions gray 36" x 12" x 78" 3 wide, 6 tier locker. Made of steel to withstand daily abuse, this locker includes separate compartments to house jackets, bags, phones, and other property while employees are on the clock. Each compartment features a perforated door, promoting air circulation and preventing mold, mildew, and other unpleasant build-up.

Because of the locker's configuration, with 6 vertical tiers and 3 across, it offers a space-efficient storage option. In the footprint of just 3 compartments, it provides the practicality and convenience of 18. This makes it perfect for areas with limited space, whether in the back of a restaurant, community pool house, or retail venue. The locker ships fully assembled with a box base.
