Notes & Details

Provide a tidy area for employees to store their personal belongings with this Regency Space Solutions beige 6 tier locker with garment rack. Made of steel to withstand daily abuse, this locker includes (16) 12" x 18" compartments to house jackets, bags, phones, and other property while employees are on the clock. Each compartment features a perforated door, promoting air circulation and preventing mold, mildew, and other unpleasant build-up. The door has a padlock-style latch for extra security after-hours.

Because of the locker's configuration, with 6 tiers and a wall mount design, it offers a space-efficient storage option. Its space-saving design eliminates the need for floor space and allows for other storage units to be used below. It also includes an underbar for hanging coats, vests, and other apparel. The locker's construction makes it perfect for areas with limited space, whether in the back of a restaurant, community pool house, or retail venue.

This unit ships knocked down and requires full assembly. The locker and garment rack do not bolt together and must be wall-mounted in position (mounting hardware sold separately).

Kit Includes:

- (2) Regency Space Solutions beige 12" x 18" x 78" single, 6 tier lockers
- (1) Regency Space Solutions beige 45" x 18" wall mount locker
