Notes & Details

Use this Regency wall mounted sheet / bun pan rack to create a dedicated area for cooling pans that are fresh out of the oven. It utilizes a wall-mount design (mounting hardware sold separately) to save valuable floor space. With six sturdy shelves, this 28 1/4" x 17 3/4" x 21 1/4" rack will make it much easier to organize the cooked cookies, meats, and other products in your kitchen or bakery. The rack is fully made out of durable aluminum to give it a reliable construction. The aluminum body is lightweight and sports a natural resistance to corrosion. All of the shelves have 3" of clearance between each other, which helps to promote better cooling while still providing plenty of storage space for your full-size, 26" x 18" pans. It comes fully assembled, making setup a breeze.
