Notes & Details

This Regency 16 pan end load sheet / bun pan rack makes it easy to cool or freeze sheet pans full of product at your commercial facility! Designed to stay stationary in your reach-in refrigerator or freezer, this sturdy, aluminum rack maximizes your storage space by holding up to 16 full size sheet pans with 3" of space between each extruded aluminum pan slide. Incorporating this rack into your reach-in helps to provide ample room and support for your signature food items, making it the perfect space-saving solution for your busy establishment.

The 1" extruded tube frames and cross supports provide structural integrity and strength, so you can be sure that the unit is built to withstand tough, constant use. Keep the reach-in at your bakery, restaurant, or catering kitchen clean and organized with this convenient Regency bun pan rack! To provide you with the best possible savings on shipping costs, this unit ships unassembled.
