Notes & Details

For a convenient and efficient storage and transportation solution in your commercial kitchen, turn to this Regency 8 pan end load aluminum undercounter bun / sheet pan rack with stainless steel top. With non-locking 5" stem type poly swivel casters, this rack is easy to move around your facility and can simply be rolled under a table or countertop for space-saving storage. It is designed to hold 8 full size or 16 half size sheet pans, and it includes a stainless steel top to provide a convenient work surface.

This rack is made of durable and easy-to-clean aluminum, ensuring long-lasting use. It is great for bakeries, restaurants, and hotels that need a reliable and professional way to store and transport food. Plus, it's easy to assemble! With this end load rack, you can keep your kitchen organized while also saving space.
