Notes & Details

Storage is a vital commodity in any business, so make use of unused wall space with this Regency 60" stainless steel wall cabinet! This unit turns an open section of your wall into a place to keep commonly used items so that they're near at hand when you need them, and out of the way when you don't. It's a perfect location to keep chemicals and janitorial supplies, or you can use it for general storage needs in restaurants and office buildings. It boasts an open front that makes it easy to see and access your supplies, which is useful if you'll be using the cabinet frequently and don't want to deal with the hassle of opening a door every time. You can store items on the bottom shelf of the cabinet, and it also comes with a fixed mid-shelf.

The cabinet is made from stainless steel to provide superior durability in any setting, and it comes with a sloped top to make cleaning easy and to discourage dust from settling. This cabinet comes with a cleat-style mounting bracket, and all other mounting hardware is sold separately.

 **WARNING:** This product can expose you to chemicals including lead, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, go to [www.p65warnings.ca.gov](http://www.p65warnings.ca.gov).
