Notes & Details

Save space and organize your storage area with the Regency Spec Line 18" x 60" NSF stainless steel shelf kit with 64" posts and casters. This kit includes 18" x 60" shelves and 64" posts so you can create an optimal storage space for your food storage area or janitorial closet. Four 5" casters with brakes allow you to easily move the unit for convenience, and are designed with a lock so you can secure it at the desired spot for storage. The type 304 stainless steel construction gives this shelving kit excellent durability in both wet and dry environments, as it is resistant to corrosion.

It is easy to keep clean and sanitary, as the open grid design allows for excellent air circulation. The space between the shelves is also adjustable, giving you the flexibility to store items of varying heights, such as ingredient bins, boxes, cleaning supplies, and anything else that you want to be able to see and grab quickly when you need it.

Each shelf can hold a maximum of 700 lb. of evenly distributed weight. Plus the unit's high-quality design is commercial grade and delivers the reliable performance every business expects and needs.
