Notes & Details

This premium Regency Spec Line underbar sink is the perfect addition to your establishment! This heavy-duty underbar sink boasts two separate bowls to help you keep up with the demand for glassware at your bar. Each bowl is 10" deep, so you can wash even your tallest beer glasses and pitchers. Plus, this sink has holes punched on 4" centers for simple faucet installation (sold separately). It is constructed from 18 gauge, type 304 stainless steel for corrosion resistance and optimal durability. Plus, this sink has a tall 7" backsplash, which helps prevent splashes and overflow.

The perfect addition to your full bar line build, this sink offers a convenient space to wash, rinse, and sanitize dirty glassware from behind your bar. It sits on four stainless steel legs to provide your sink with a solid, reliable foundation to rest upon. Additionally, this sink features U-shaped cross bracing for maximum stability, and it features rivet holes for adjoining equipment or attaching accessories (both sold separately). It has 1 1/2" IPS drainage connections to safely drain wastewater during use. It also comes with an 8" overflow pipe to help prevent flooding.
