Notes & Details

Add this Regency Spec Line glass rack storage unit to your establishment to ensure your glassware is properly cleaned and sanitized. Its perforated drainboard top is a convenient place for drying glasses or unloading glass racks. The top is even removable for added versatility. This unit features a 7" backsplash to protect your walls and floors, along with a 1" NPS bottom drain and 3" hole in the rear to accommodate your plumbing needs.

This glass rack storage unit is constructed of all 18 gauge type 304 stainless steel for long-lasting durability and corrosion resistance. With durable stainless steel legs and bullet feet, this unit keeps glass racks up off the floor for sanitary storage. Plus, the legs give you enough clearance to clean beneath the cabinet. This unit is designed to stand up to the rigors of any food service environment.
