Notes & Details

This Regency stainless steel solid shelf is a direct replacement for the one that came standard on your Regency 15" x 60" dish cabinet. Because it is made of 18 gauge type 304 stainless steel, this shelf is exceptionally resistant to corrosion and boasts long-lasting durability. This shelf is also adjustable, allowing it to be placed at different heights to accommodate an endless amount of different storage configurations.

Unlike wire shelving where small components may slip through the cracks or dishes may drip on those stored below, this solid shelf allows you to confidently store your dishes. Plus, it has a capacity of 200 lb. Replace a missing or broken shelf to optimize the storage in your dish cabinet with this shelf. Installation clips sold separately.

 **WARNING:** This product can expose you to chemicals including lead, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, go to [www.p65warnings.ca.gov](http://www.p65warnings.ca.gov).
