Notes & Details

With both ample work space as well as storage space, this Regency 30" x 60" 16 gauge type 304 stainless steel enclosed base table will ensure your establishment is efficient and organized! A large 30" x 60" worktop will give you plenty of room to operate and is made of durable 16 gauge type 304 stainless steel. Plus, with a body made of 18 gauge type 430 stainless steel, this base table is made to hold up to the wear and tear of the busiest kitchens.

The adjustable/removable midshelf allows you to maximize the storage space and fit both large as well as small items. The sliding doors fully conceal the base's contents and include recessed handles for minimal required front clearance. In order to keep your items secure, the doors come with built-in locks, as well as a set of keys. Bullet style feet easily adjust up and down so that your base can be leveled on uneven surfaces.
