Notes & Details

Perfect for enhancing the durability and look of your commercial kitchen, this Regency stainless steel leg serves as an upgrade for all sinks with 10" deep bowls that are fitted with galvanized legs as it allows for increased corrosion resistance for the unit. Or, it can be used to replace the existing worn or damaged component with incredible ease!

Measuring $22 \frac{7}{16}"$ long and equipped with an adjustable stainless steel bullet foot to accommodate uneven floors, this 18 gauge stainless steel leg provides your sink with a solid, reliable foundation to rest upon so you always have somewhere to do prep work or wash, rinse, and sanitize dirty dishes. The leg also installs using a simple set screw so setup is quick and easy.
