Notes & Details

Take your bar service anywhere with this Regency 74" standard stainless steel portable bar with two removable speed rails, ice bin, and removable ice bin cover! Designed for easy drink preparation and serving, this portable bar comes with dual surfaces for creating delicious drinks as well as presenting those creations to customers. Located directly below the 3/4" thick black laminate top, the work top creates a row to lineup drinks and quickly add ice, garnishes, straws, and more. This differentiation also ensures guests do not grab drinks before they're ready to go, so you have happy customers and fewer spills! Designed for easy drink preparation and serving, this portable bar comes with a 20" x 16" ice bin with 1/2" brass ball valve drain and two removable speed rails, so you can keep the most popular syrups and liquors right at your fingertips! The removable ice bin cover ensures maximum workspace. A steel bottle opener is also included for added convenience.

Thanks to its all-welded type 304 stainless steel construction, this portable bar does not retain odors from spills and is easy to wipe clean and sanitize. Four 6" rubber casters enable you to effortlessly reposition your bar for new events or thorough floor cleaning. When ready to lock the bar into position, flip down the two casters with brakes. Plus, the full perimeter bumpers offer superior protection for your walls and furniture during transportation. The large bottom lockable cabinets are perfect for keeping your prep tools, ingredients, mixes, garnishes, ice, and glasses. It's also a private place to store staff's personal possessions or money boxes. This portable bar will make beverage service in your banquet hall, hotel lobby, outdoor wedding reception, or poolside terrace a breeze!
