Notes & Details

Boost your warewashing station's efficiency with this Regency slide bar. A great addition to Regency dish tables with 16" x 20" sink bowls, this slide bar saves you time and reduces the physical strain on your dishwashing staff! It easily attaches to your dish table bowl to make maneuvering racks easier than ever. This handy accessory rests atop your dish table's bowl so you can easily move heavy racks full of soiled bowls, plates, mugs, and other dishware over the bowl and into the dish machine.

Since it doesn't come with a basket like many comparable models, this unit is an excellent choice for operations with a garbage disposal because you can easily clear excess scraps without worrying about clogged drains. Made of 18 gauge type 304 stainless steel, this slide bar is built to last. Designed to withstand a busy commercial kitchen, the sturdy construction and corrosion-resistant material won't let you down.
