Notes & Details

Ideal for setting up a washing, rinsing, and sanitizing station, this Regency 64" 16-gauge stainless steel three compartment commercial sink with galvanized steel legs and 2 drainboards is the perfect addition to your establishment. It's constructed from high-quality, 16-gauge type 304 stainless steel, making it more corrosion-resistant and durable than other sinks made from thinner, 18-gauge material. It features (2) 12" drainboards, so you can easily wash and dry dishes and utensils in one convenient location. Boasting a compact design, this sink is perfect for locations with limited space. Plus, it has rolled edges and a 7 1/4" backsplash, which helps prevent splashes and overflow.

To ensure proper drainage, this sink comes with (3) 3 1/2" basket drains with strainers. These drains catch food debris, preventing the drains from clogging. Additionally, this sink sits on (4) 20 1/2" galvanized steel legs, which feature adjustable plastic bullet feet to accommodate uneven floors. The 18-gauge galvanized steel legs provide your sink with a solid, reliable foundation to rest upon, so you always have somewhere to wash, rinse, and sanitize dirty dishes.

Kit Includes:

- (1) Three compartment sink
- (2) Drainboards
- (3) Basket drains with strainers
- (4) Galvanized steel legs
