Notes & Details

Outfit your facility with a long-lasting sink with this Regency three compartment stainless steel sink with two drainboards. Featuring three compartments, the sink is perfect for dishwashing applications, with one 18" x 18" x 14" sink for each of the three stages of the washing process. Plus, one left 18" and one right 18" drainboard are built into the unit for added convenience. They provide the space needed for drying pots, pans, and dinnerware.

Made of durable 16 gauge, 304 type stainless steel, the sink is sure to withstand constant use in a bustling commercial environment. The metal won't rust or corrode, nor will the stainless steel legs and sockets. For added structural strength, the legs include H-shape cross braces; these ensure that all parts of the corner unit are properly supported at all times. A set of stainless steel bullet feet provide stability.

Faucet holes are punched into the metal on 8" centers to accept a splash mount faucet (sold separately). For your convenience, a 3 1/2" drain basket is included for easy cleaning.
