Notes & Details

This stainless steel commercial 24" x 24" work table is designed to provide additional space for preparation or storage in your commercial kitchen, bar, or restaurant. Its 18-gauge type 304 stainless steel top can support up to 400 lb. of evenly distributed weight, providing superior corrosion resistance and durability, while the work table's undershelf is constructed from 18-gauge galvanized steel and can hold up to 300 lb.

A 4" high backsplash is included to help protect walls and contain items on the work top. The legs of this work table are 1 5/8" in diameter and are also made of galvanized steel, with plastic feet that are adjustable up to 1".
