Notes & Details

This Regency 24" x 60" 14-gauge 304 stainless steel poly top table with open base and 6" backsplash provides additional work space in your busy butcher shop, deli, or kitchen. Great for prepping vegetables or making sandwiches, it's constructed from 14-gauge, 304 series stainless steel which offers greater durability and corrosion resistance than type 430 stainless steel. It has a smooth, easy-to-clean surface which makes this work table an ideal addition to your establishment.

The table's 24" x 60" size is great for a variety of tasks as your staff works efficiently to prepare signature menu items. The 3/4" thick poly top is also a cutting board surface, making it ideal for slicing, dicing, and chopping without dulling your knives. This table also features a 6" backsplash to provide added protection to posterior walls. With an open base, you can conveniently store ingredient bins underneath this table, and cleaning under and around the table is a breeze.
