Notes & Details

Enhance your commercial kitchen's storage capabilities with this Regency adjustable shelf. Crafted from durable 18 gauge type 430 stainless steel, this shelf is built to last in busy kitchen environments. The adjustable design allows you to customize the shelf to meet your storage needs, maximizing space and organization. Its corrosion-resistant material ensures long-lasting use. Designed specifically for use with Regency 24" x 48" stainless steel poly top work tables with backsplash (sold separately), this shelf seamlessly integrates into your existing setup, providing additional storage for supplies and utensils.

Perfect for commercial settings such as restaurants, cafeterias, and catering facilities, this shelf is a versatile and practical storage solution. The simple installation process makes it easy to set up, allowing you to quickly expand your storage capabilities. Additionally, the stainless steel material is easy to clean, helping you maintain a sanitary and organized kitchen environment. This shelf has a 340 lb. weight capacity. Upgrade your kitchen storage with this shelf and enjoy enhanced efficiency and convenience in your foodservice operation.

This undershelf is designed to fit select $24" \times 48"$ Regency work tables. Its actual dimensions are shorter than the table in width because the table legs are set in under the table top.
