Notes & Details

This Regency 24" x 108" commercial open base work table with a 4" backsplash is constructed from durable, easy-to-clean 16-gauge type 304 stainless steel. It is designed to provide additional space for food preparation and other tasks within your commercial kitchen. Due to its all-stainless steel construction, this work table is corrosion-resistant and even suited for damp environments.

The six legs and adjustable feet of this work table are also made of tubular stainless steel, ensuring long-lasting performance under heavy use for years to come. This work table features a 4" backsplash with a 1" return to help prevent messy spills and keep your prep supplies from falling off the back. The table has a maximum weight capacity of approximately 780 lb. of evenly distributed weight, and it's long enough to accommodate multiple prep workers.
