Sleek, modern, and made to stand out, these Geo Riser Sets bring height and visual intrigue to any buffet display. Available in a variety of shapes and finished in versatile black or shimmering gold, each set creates a layered presentation with a clean, contemporary edge.

Cast a stylish spell on your customers with this striking black hexagon-shaped riser set. Crafted to elevate your culinary creations to bold new heights, this trio of sleek, stainless steel risers adds a dash of modern magic to any display. Whether you're stacking sliders or showcasing sweets, these risers create a stunning visual feast that's impossible to ignore. Plus, they nest together for effortless, space-saving storage—like a perfectly planned trick up your sleeve. Elevate your presentation game with these chic risers, and pair them with our round and square geo riser sets for a display that's simply spellbinding.
