BULK

RHINO TRIPLE SHOP

GUMBALL & CANDY MACHINE

Our 3 compartment bulk vending machine is one of the best values in candy and gumball vending. Top-quality metal coin mechanisms, durable all-metal body and a limited warranty sets it apart from similar looking triple style vendors. The compact design lets you offer three different product selections in one small space and is convenient to service.

Our Triple Shop Standard comes with a set configuration to vend candy from both outside compartments and 1-inch gumballs from the center compartment. You also have the option to purchase additional candy/gumball wheels.

Dimensions

- Dimensions: 16"w x 8"d x 18"h
- Weight: 34 lbs (empty)
