SA30048	3/8" End Caps (Bag of 24)

Roller Frames

The **48400** has a quick release spring that prevents roller slippage, smooth bearings for reliable applications, a polypropylene grip and a threaded handle adapter. It is one of the best universal roller frames on the market. The **48403** is a traditional "paint roller" style frame and the handle contains a threaded handle adapter. The **48410** adjusts to hold all roller covers from 9" to 18" wide. It has a rigid and durable steel frame with a threaded handle adapter, yet weighs less than one pound. The **48418** is a lightweight, yet the durable polypropylene 18" non-adjustable frame can accommodate any of the 18" roller covers we offer. This frame offers a threaded handle adapter and the fiber-glass-reinforced nylon legs are replaceable.

Item No. Description

48400	9" Wooster® Sherlock® Frame (R017)
48403	9" Wooster® Magikage® Ninety Frame (R016)
48540	9" Wooster® Acme™ Heavy-Duty Roller Frame (F0010)
48410	Wooster® Sherlock Wide Boy™ 18" Frame (BR036)
48418	Wooster® Big Ben® 18" Frame (BR045)
SA30006	Replacement Nylon Legs for 48418 - Set of 2 (R085)

Complete large flooring projects faster! See for yourself why a simple change to a 24" roller from the traditional 18" roller used in flooring can save significant time and labor.

Heavy-Duty Fixed Width Aluminum Frames **EXCLUSIVE**

These are the most durable frames on the market. They are available in widths of 9", 18", 24" and 36" and can be used with any of our roller covers and nylon and metal-tined rollers. The frames can be ordered with either a threaded handle adapter or with a fixed handle assembly. These heavy-duty solid aluminum frames are solvent-resistant and can be easily cleaned after each use. Special 3/8" post hole end caps are available for use with these exclusive frames when using 9" - 36" roller covers and spiked rollers. These polypropylene end caps are used to adapt the frames to any standard 1-1/2" roller. They are sold in quantities of 1 pair or a bag of 24 (see top of page).

For Handle Options See Page 32
