# RUST-OLEUM® PROFESSIONAL CLEANERS FOAMING CLEANER AND DEGREASER AEROSOL

## DESCRIPTION AND USES

Rust-Oleum® Professional Cleaner Degreaser's aerosol foaming action clings to surfaces to quickly remove a variety of tough soils, including grease, oil, paint, adhesive, tar and wax, from most non-porous surfaces without leaving a residue. Ideal for industrial cleaning applications and for use on tools, machinery, engine parts, construction equipment, fiberglass, unfinished concrete, masonry, asphalt and more. This fast-acting degreaser is color fast and fabric safe. Foaming Cleaner Degreaser may also be used for HVAC coil cleaning.

## PRODUCTS

SKU	DESCRIPTION
352239	20 oz. Aerosol

## PRODUCT FEATURES

- Does Not Leave a Residue
- Fast Acting
- Removes the Toughest Oil, Grease, Tar & Grime
- For Use on Machinery, Engine Parts, Tools & More
- Safe for Use on Most Non-Porous Surfaces
- Works on Unfinished Concrete

## PRODUCT APPLICATION

### READ ALL DIRECTIONS CAREFULLY BEFORE STARTING PROJECT

**NOTE** DO NOT STRIKE CAN. Always spot test on a hidden area first.

### DIRECTIONS

1. Shake can.
2. Remove cap and be sure spray nozzle is pointed toward surface to be cleaned.
3. Hold can about 8 inches from surface and spray on a light coating.
4. Allow 1 minute for foam to penetrate then use a wet cloth to clean the surface.

**NOTE** For heavy soils allow foam to penetrate for 2 to 5 minutes, scrub with a brush or scouring pad and wash off with a wet cloth. When used in a food processing facility, rinse with potable water after use.

### HVAC COIL CLEANING

Rust-Oleum Professional Cleaner Degreaser's blend of special surfactants and alkaline cleaners make it effective for removing dust, grease, oil, and other dirt on most HVAC coils, especially condenser and evaporator coils. Turn off power to unit prior to cleaning. When using the Rust-Oleum Professional Cleaner Degreaser aerosol foam, spray directly on coils to be cleaned. Avoid spraying Cleaner Degreaser on to electrical wires. Rust-Oleum Professional Cleaner Degreaser is self-rinsing on condensate producing coils; otherwise rinse clean with water or wipe clean with a damp cloth. Return power to unit once the process is complete.

### PREVENTION

Contents under pressure. Do not pierce, strike or burn, even after use. Wash hands thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection.
