7-1/2" TOP DIA., 9-5/8" BOTTOM DIA. X 4" H

Pack: 6 Cu. Ft.: 0.67 Weight: 4 lbs

The newest additions to our black rubberized stands, these risers boast unique hairpin curved legs with an added rubberized texture to keep things in place. No more sliding pizzas!

With a top diameter of 7-1/2″, bottom diameter of 9-5/8″, and height of 4″, this contemporary black rubberized pizza stand will have your patrons giving you a standing ovation! Designed with versatility in mind, this small round stand is perfect for artfully displaying and serving pizzas, hors d'oeuvres, and desserts. The rubberized coating keeps bowls, pans, and pizza peels in place without the need for rubber stoppers. The open-frame design creates additional space on the table by elevating your dishes and allowing you to place more food or dinnerware underneath. Best of all, the wire structure is reversible to accommodate a variety of plate or pan sizes. Constructed of high-quality, durable materials, this stand will remain intact for years on end. Use this stylish modern stand at your pizzeria, restaurant, diner, banquet, or hotel. Hand wash only.
