

# Breeze9 Series Air Curtain

## Effortless Air Sealing With High-Efficiency

This high-efficiency air curtain stands at the top of its class. It creates an efficient air seal to keep conditioned air inside the building while keeping dust, dirt, debris, and insects out. This unit easily mounts on any door up to 10' high. For wider door openings, multiple units can be stacked together.

### Easy Plug In

Available in a 120V model with a convenient plug and 4' cord.

### Optimal Air Seal

High-efficiency air curtain designed for doors up to 10' tall, keeping your space clean and comfortable.

### Stackable Design

Multiple units can be combined for wider door openings, ensuring complete coverage.

### Convenient Operation

Plug-and-play 120V model with a 4' cord, featuring high, low, and off settings for flexible use.

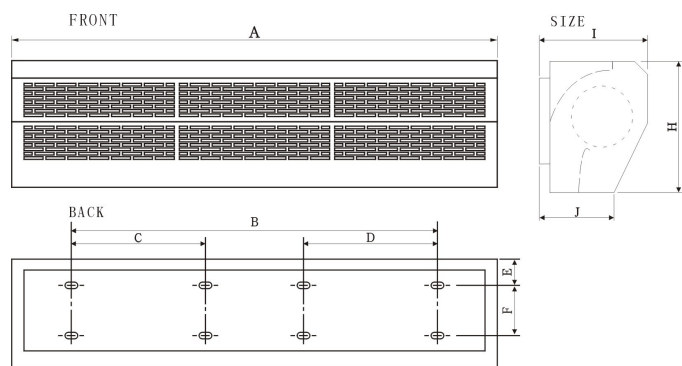

### Quick Installation

Comes with mounting brackets, magnetic door switch, and remote control for easy setup.
