

A New Seal on Camwear® Rounds

New!

- Inside and Outside Seal for Superior Spill Resistance
- Eliminate Wrapping Rounds With Plastic Wrap
- Tab for Easy Removal

Translucent Seal Covers for Camwear® Rounds

New translucent covers with an inner and outer seal are an economical alternative to polycarbonate covers. These snug fitting lids seal tightly on Camwear® round food storage containers to create a spill resistant seal, improving the usefulness of contents. Using seal covers eliminates the need for wrapping rounds with messy plastic or aluminum foil. Sealed containers also reduce the potential for cross-contamination, an important HACCP consideration.

- Translucent covers allow some product visibility for product identification.
- Material withstands temperatures from -40°F to +160°F (-40°C to +70°C).
- High chemical resistance.
- Commercial dishwasher safe.

Seal covers help to reduce spills.

For more information about Cambro products, contact your Distributor, Cambro Sales Representative or the Cambro Customer Service Department.

StoreSafe® Food Rotation Label

100% dissolvable and 100% biodegradable labels help to manage a first in, first out (FIFO) approach of inventory usage.

Camshelving®

Revolutionary shelving system that is easy to clean and is rust-free. Ideal for walk-in refrigerators and freezers because it withstands temperatures as cold as -36°F (-38°C). Easy to adjust.

Ingredient Bins

Slant Top Ingredient Bins are designed to store and transport a wide variety of bulk ingredients such as rice, beans, flour or grains. Only 28" high, these bins will fit under standard work tables. All materials are FDA-accepted for direct food contact.
