Application	Mobile Storage and Tables / Stands
Capacity	1200 lb.
Caster Type	Stem
Features	Brakes Included
Number of Casters	4 Casters
Type	Casters
Wheel Material	Polyurethane

Notes & Details

These ServIt heavy-duty 5" polyurethane casters help turn your ServIt steam table into a mobile station. Unlike a stationary table, a unit on wheels makes it easier to relocate for use or cleaning. This pack includes 4 casters, 2 of which feature brakes. The brakes also secure the unit in place for stationary applications, such as meal service or clean-up. As a result, the caster provides maximum versatility. And, with a 300 lb. weight capacity, the casters provide excellent durability for heavy-duty needs.

Designed for smooth transportation, the casters even help keep items on the surface of the table as still as possible, preventing any spills or falls. Each with a 5" diameter, the casters also raise the steam table by 6", which can help lift the table to a more comfortable, ergonomic height.
