Number of Pans	2 Pans
Number of Wells	2
Plug Type	NEMA 5-20P
Power Type	Electric
Type	Buffet Food Tables Mobile
Usage	Indoor
Well Type	Open / Dry Well

Notes & Details

Keep all of your menu items piping hot and readily available with this ServIt two pan open well electric steam table with angled sneeze guard, fixed tray slide, and casters! This kit includes (1) two pan open well electric steam table, (1) angled sneeze guard, (1) fixed tray slide, and (4) casters with brakes. The steam table can hold two full size food pans (sold separately) full of pasta, meat, or side dishes in each 500W well. The body of this unit is constructed of durable 22-gauge type 430 stainless steel and heavy-duty hardware. The top and wells are made of 20-gauge type 304 stainless steel, while the cutting board support shelves are made of 16-gauge type 430 stainless steel.

The steam table includes an adjustable undershelf to store extra serving utensils, food pans, or lids to keep all the tools you need close at hand. For extra convenience, the 1/2" thick polyethylene cutting board is 8" deep and gives you an extra workspace for changing out food pans or filling plates. The sneeze guard enhances safety, as the acrylic shield design creates a barrier between your food and the people viewing and serving it. This reduces the chances of spreading foodborne illness. The sneeze guard features an angled design that's perfect for one-sided service. The fixed tray slide attaches to the table and gives customers a solid area to place their plates while they are served. Mounting hardware is included.

The included casters allow for mobility and smooth, convenient transportation, so you can move your table around your event without spilling any of your dishes. They also include brakes that ensure that the table can stay secure and stationary when required. With a 5" diameter, the casters also raise the table by 6", which can help lift the work area to a more comfortable, ergonomic height. Use this steam table kit for a safe, efficient way to serve food at your catered event or buffet! A 120V electrical connection is required for the 7 1/4' power cord.

Kit Includes:

- (1) Two pan steam table
- (1) Angled sneeze guard
- (1) Fixed tray slide
- (4) Casters with brakes
