Notes & Details

Keep all of your menu items piping hot and readily available with the ServIt five pan sealed well electric steam table with a fully enclosed base! This powerful holding unit can hold five full size food pans or other fractional pan combinations (sold separately) full of pasta, meat, or side dishes in each 750W well. It is constructed of rugged 18 gauge type 430 stainless steel with 18 gauge type 304 stainless steel wells and heavy-duty hardware, ensuring the durability and reliability you need at your buffet or catered event. Plus, it stands on four sturdy legs to provide excellent stability.

Use the fully enclosed base and lockable sliding doors to securely store extra serving utensils, food pans, or lids to keep all the tools you need close at hand. The 1/2" thick cutting board is 6" deep, and it gives you an extra workspace for changing out food pans or filling plates. For optimal heating versatility, each individual well is independently controlled by an infinite control knob. Designed for wet use, this sealed well steam table is a great addition to your commercial establishment. A 208/240V electrical connection is required for the 7 11/16' power cord.
