Notes & Details

Warm up chilled foods or keep prepared menu items hot, safe, and ready to plate with this ServIt 12" x 20" full size electric countertop food warmer with hotel pan and display adapter. Thanks to its specially designed internal heating elements, this unit allows you to hold your hot, fully-cooked offerings at food-safe temperatures for several hours at a time. The warmer features a temperature range of 120-212 degrees Fahrenheit. The intuitive digital controls allow you to customize your heat output while also helping you distinguish between set and actual temperatures. Plus, this unit will preheat your food in as little as 30 minutes, offering a quick and effective way to warm up the products that your guests love most! The indicator light even lets you tell if the warmer is turned on at glance.

This kit comes complete with a steam table / hotel pan so you can quickly get to work. The pan features double reinforced corners that add strength where it takes the most abuse. It has built-in, anti-jam stacking lugs to enable hassle-proof separation and easy lifting. Plus, it can go from freezer to oven to serving line without bending, which ensures that it will sit flat in steam table wells and hold its shape under the toughest conditions.

The angled display adapter that comes standard with this kit creates an elegant presentation at your buffet table. Normal displays can fall flat when it comes to making an impression on customers, so this holds steam table pans at an angle, enhancing visibility so that customers notice your foods from across the room, while also tilting the pan for easier serving. It's perfect for showcasing the delectable foods that were prepared in your warmer and are waiting to be served out of your hotel pan.

Kit Includes:

- (1) ServIt FW150 12" x 20" full size electric countertop food warmer with digital controls - 120V, 1500W
- (1) Choice full size 4" deep anti-jam stainless steel steam table / hotel pan - 24 gauge
- (1) Choice stainless steel angled display adapter - 12 3/4" x 21" x 3 1/4"
