Notes & Details

Keep all of your menu items piping hot and readily available with the ServIt GST-3WE-NG three pan open well natural gas steam table with undershelf! This powerful holding unit can hold three full size 6" deep food pans full of pasta, meat, or side dishes in each well. The wells can also accommodate various different pan configurations with the use of adapter bars, which allows you to warm multiple foods simultaneously. For all possible configurations, refer to the pan layout diagram. Each well features a high-output burner rated at 3500 BTU. It's constructed of heavy-duty stainless steel with galvanized legs, providing the durability and reliability you need at your buffet or catered event. Since stainless steel and galvanized steel are resistant to corrosion and rust, you can be sure that this unit will last in a busy restaurant environment if properly cared for.

For quick and efficient start up, this unit features a straight flow, energy-saving burner assembly, with 10,500 BTU total. For optimum heating versatility, each individual well is independently controlled by an infinite control knob. This steam table is intended for dry use, but if you want to use moist heat, try pairing it with compatible spillage pans (sold separately). Simply fill your spillage pan with water and place your food pan inside. The undershelf comes in handy for storing extra serving utensils, food pans, or lids, so all of your most frequently used tools can be close at hand. For extra convenience, the polyethylene 8" deep by 1/2" thick cutting board gives you a little extra work space to prep foods, change out food pans, or fill plates. This open well steam table is a great addition to your commercial establishment.
