Notes & Details

Increasing sales of pre-made hot foods such as hot dogs, burritos, and sandwiches is easy with this ServIt HDM-36 self / full service countertop heated display case with sliding doors! With an adjustable rear-mounted temperature control with a range from 86 to 194 degrees Fahrenheit, this merchandiser won't hold you back when hungry customers are flocking to your business.

Great for convenience stores, snack bars, concession stands, and more, this display warmer has front and rear sliding doors to encourage your customers to serve themselves and to allow your staff to refill shelves from behind the counter. Its 3 tier stainless steel racks are removable for easy cleaning and provide plenty of space to show off your most mouthwatering impulse buys. Plus, the racks can be slanted to better merchandise your fresh, hot food!

This unit has a stainless steel body with an attractive finish as well as tempered glass doors and sides that let customers see your food clearly. Interior LED lighting increases product visibility and shows off your food to hungry customers. This model requires a 120V, 1800W electrical connection.
