Notes & Details

Show off your foods and increase sales while keeping them hot with this ServIt OAM-102D 36" full service slanted 2-shelf countertop heated display merchandiser. This merchandiser is great for holding pre-made foods such as hot dogs, burritos, and sandwiches. With bottom-mounted thermostatic controls for convenient access and adjustment and a range from 86 to 185 degrees Fahrenheit, it won't hold you back when hungry customers are flocking to your business. It emits heat from the top and bottom for even, consistent heating to properly hold food for desired lengths.

Ideal for convenience stores, snack bars, and concession stands, this merchandiser features 2 slanted shelves, which provide excellent visibility while allowing for easy self service and increased impulse buys. Plus, with its open-air design, customers can easily serve themselves. Display multiple products thanks to the dividers, and this unit has a rugged stainless steel construction, heavy-duty hardware, and tempered glass sides for great viewability from all angles. Interior LED lighting increases product visibility and shows off your food to hungry customers. This unit requires a 120V, 1860W electrical connection.
