Notes & Details

Keep your pizzas hot, fresh, and ready to enjoy by choosing this ServIt PDW12D1 12" pizza warmer with 1 door and a 4-shelf rotating rack. Add this unit to your pizza shop, kiosk, concession stand, or food truck to hold freshly-made pizzas and show them off to your customers. This pizza warmer offers a chrome-plated rotating rack that can hold up to (4) 12" pizzas and draws in customers with bright LED lighting and decals on three sides of the unit. It has four glass sides so customers can see your delicious pies from any angle, and the single glass door allows simple loading or unloading.

Inside, the cabinet features a water pan that provides passive humidity to prevent food from drying out before being served. The adjustable heat control offers a range of 86-194 degrees Fahrenheit. It requires a 120V electrical connection and has an output of 800W.
