drip-free design
A unique magnetic collar secures the cover to the plunger's stainless-steel rod so you can pick them up and carry them together—without drips.

easy to detach
The cover's large opening makes the plunger easy to detach. It also hides the plunger discreetly out of sight when not in use.

efficient plunging
The plunger flange has a long and narrow profile specially designed to work more efficiently with modern toilets.

stainless steel rod
Durable, high-quality stainless steel rod stands up to vigorous use.
