### neat and secure

Stainless steel liner rim flips up for a quick and easy liner change, then closes over the liner to hold it tightly in place and keep it hidden from sight.

### liner pocket

Keep liners where you need them. Dispense them one by one — no perforations or unraveling — from inside the can for a faster liner change.

### strong plastic pedal

Our strong plastic pedal is engineered to last over 150,000 steps — that's more than 20 steps a day for 20 years.

### silent close lid

Our patented lid shox® technology controls the motion of the lid for a slow, silent close.

### dent-proof plastic lid

Won't show dirt or fingerprints.

### internal hinge

Prevents the lid from bumping the wall.

### fingerprint-proof

Fingerprint-proof finish resists smudges to keep stainless steel shiny.

### custom fit liners

Code M liners are designed to fit this can perfectly and are extra strong to prevent leaks and tears. Refill packs dispense liners one at a time and store perfectly in cans with our new liner pocket feature.
