Notes & Details

This Solwave commercial microwave with dial control is a perfect way to save time and provide quick heating capabilities at your concession stand, convenience store, lunch room, snack bar, coffee shop, or other quick-serve establishment. This easy-to-use, light duty unit boasts 1000W of microwave power that is ideal for warming soups, sandwiches, prepackaged lunches, beverages, and more.

Designed with operator convenience in mind, this unit features a built-in cooking time guide, 6 minute dial timer, and sturdy door handle that is easy to quickly grab during busy times in your establishment. The durable stainless steel exterior and interior ensures long-lasting use, and the spacious 0.9 cu. ft. cavity provides ample room to handle an array of items. Plus, the automatic cool down feature operates the fan for 60 seconds after each use to ensure continued peak performance without overheating!

It sits on four, 1 3/4" legs and requires a 120V electrical connection for operation.
