DETAILS

The Aspect 24" Floor Merchandiser Kit 2 features a luxurious Gloss White finish, making it an ideal choice for a retail display. This versatile merchandiser allows you to hang garments on one side using the hangrail, while showcasing additional merchandise on the four display shelves on the other side. Perfect for displaying both soft and hard goods, this unit offers a comprehensive display solution.

The merchandiser includes four adjustable metal display shelves with a gloss white finish, each measuring 21-3/4" wide x 14" deep. These shelves feature welded brackets that mount securely into the slots of the center panel. The hangrail, measuring 22-7/8" wide, provides 21-1/4" of hanging space due to the offset of its brackets, and extends 11" deep from the back of the bracket. The hangrail is constructed from sturdy 1" square tubing.

This kit also includes levelers for added stability. The wood insert in the base has a dual finish: white melamine on one side and a raw oak woodgrain on the other, giving you flexible design options. The overall dimensions of the merchandiser are 62" high x 24" wide x 24" long.
