## Sweetener Stations Sweetstation® Sweetener Dispensers

SPECIFICATION SHEET

### FAST FACTS

Serve preset portions of bulk sweeteners that are equal to common portion packs with color-coded triggers and branded decals from a vertical surface mountable rack with 24 oz or low-profile 14 oz dispenser

### APPLICATIONS

- Improve self-serve stations with preset sweetener portions that dispense at the touch of a button
- Perfect beverage add-in station for the drive-thru window to increase speed of service

### DETAILS

- Dispense preset portions of sweeteners; equivalent to common portion packets
- Available for a 24 or 14 oz capacity with (3) or (4) dispensers per station
- Easily mounted on a vertical surface, the stainless steel rack allows for single hand operation
- Color-coded triggers and decals make brand identification easy
- Product level is always visible with clear InSweeten® dispensers; wide-open tops make refills easy
- Improve beverage speed of service with preset sweetener portions equal to common portion packs
