

TAYLOR®

PRECISION PRODUCTS *Food Service*

Taylor innovation is built on 150 years of expertise in producing the most comprehensive line of quality thermometers in the industry. Now we've extended this heritage of precision measurement to scales...offering the food service professional technology-driven solutions designed to provide time/cost-effective advantages:

Product Benefits: All Models

- ▲ Engineered for consistent accuracy
- ▲ Moisture-resistant sealed components
- ▲ Large, easy-to-read LCD display
- ▲ Spacious, corrosion-resistant stainless steel platform for easy cleaning/sanitary contact surface
- ▲ Dual-powered for maximum flexibility: AC adapter for 120V outlet (included), 9V battery (not included)
- ▲ Durable and compact for reliable, spacesaving use
- ▲ Exclusive, extended tare range—50% of scale capacity
- ▲ Large buttons provide easy access to functions
- ▲ Advanced, user-friendly modes, including:
 - Ounce/Gram:** maximizes weighing versatility
 - Auto Tare:** assures efficient, exact portioning. Deducts container weight and allows quick zero out for multiple ingredient measuring
 - Auto Hold:** locks weight display to allow removal of oversized items. Exclusive, pre-select operation for added convenience
 - Low-Battery Indicator:** prevents unexpected power loss
 - Auto Shut Off:** conserves energy & battery power

Models/Capacities

TE32

32 oz X 1/8 oz
1000 gm X 2 gm

TE5

5 lb X 1/8 oz & 1/4 oz
2.5 kg X 2 gm & 5 gm

TE10

10 lb X 1/8 oz & 1/4 oz
5 kg X 5 gm
